# WELCOME

At Michael Silver & Company CPAs, we know that the best way to help our clients succeed, grow, and prosper is to employ bright and talented people at all career levels who are dedicated to exceptional client service. To attract this caliber of professionals, we offer a challenging and rewarding environment with an emphasis on personal success through continued training, development, and mentoring.

## ABOUT OUR FIRM

Michael Silver & Company CPAs is a 70-person, public accounting and consulting firm headquartered in the Chicago suburb of Skokie. In existence for more than 70 years, the firm employs a highly-talented and diverse, professional staff committed to exceptional service. This has resulted in an earned reputation for unsurpassed auditing, accounting, tax, business consulting, valuation, and private client services. High standards and these four core principles continually drive the success of the firm:

- 1 Dedication to clients
- 2 Guidance in tax and business opportunities
- 3 Expertise in the application of accounting principles
- 4 Commitment to service with Integrity

### Client Base

Michael Silver & Company CPAs (MS & Co.) client base encompasses small- and medium-sized private/closely-held companies, entrepreneurial individuals, professional service firms, and high net worth individuals, their families, and their related businesses, partnerships, and trusts.

### Size and Structure Advantages

Our size and structure allow for a distinct alternative to the larger accounting firms. MS & Co. provides staff the opportunity to work directly with partners, senior managers, and clients on a wide variety of assignments. We value an independent work environment along with an emphasis on team work.

### Community Involvement

MS & Co. is dedicated to the community in which we live, work, and play. The firm graciously supports local charities, fundraisers, and employee-recommended charities. Employees are encouraged to dedicate company time to charitable projects. Our professionals are encouraged to become involved with their communities by taking an active role in local chambers, civic organizations, and trade associations.

### Internship Program

The goal of our internship program is to provide meaningful experiences to talented, young professionals. It is uniquely designed so students can work part-time while attending class to avoid graduation delays. Interns receive the same training and assignments as entry-level, full-time staff—real, hands-on public accounting work. Many of our full-time staff have previously completed our internship program.

If interested in a career with MS & Co., please email us at [careers@mSCO.net](mailto:careers@mSCO.net) or visit [www.mSCO.net](http://www.mSCO.net) and go to menu and click on careers.
